More than you expect. Exactly what you need.

**METAL CHAIR COLLECTIONS**

# Our metal chairs and stools last a long time and look great doing it.

## Introducing the new Plymold Metal Chair Collections.

Our metal chairs have long been recognized for their attractive durability. They are precisely engineered and built to exacting specifications. The powdercoat paint features our unique five-step drying and cleaning process that ensures the paint will adhere exactly to provide a superior, uniform finish.

We've even created our own testing protocol derived from ANSI/BIFMA because there weren't any standards for restaurant furniture. We use a cyclic back pull that applies intermittent pressure

to the tops of our metal chairs 120,000 times with a force of 75 lbs. That's how you know your Plymold metal chair will stand up to years of hard use.

We've also changed how we offer our metal chairs and stools by organizing them into easy-to-use design collections to help you choose just the right seating for your project. But one thing will never change: Plymold's exceptional service.

## Extraordinary service from design consultation to delivery.

Plymold is known for high levels of service during every phase of the process:

- Expert assistance on product selection – from metal chairs to upholstered furnishings to contour seating to custom millwork
- Design capabilities to help you realize your vision
- Reliable, on-time delivery – 99+% on-time shipping record

Creating great products and providing great service you can count on are why so many customers continue to rely on Plymold for front-of-the-house furnishings.

## We can furnish the entire front-of-the-house.

Partnering with Plymold means you not only have the best in the business working with you, it means you only have to deal with one point of contact. That's because of our one-stop, single source capability—and it's a commitment few other companies in our industry are willing to make. Being able to get virtually everything you need for the front-of-the-house makes everything about your project that much easier.

## Plymold. More than you expect, exactly what you need.

We're well known for building the best contour seating—but it's not all we build. We offer a complete line of furnishings, including upholstered seating, trash receptacles, wood booths, outdoor furnishings, and custom millwork. Plymold has the people and the production capabilities that enable us to design and build what you need to create and complete your décor.

## See how well our metal chair collections sit with you.

We invite you to look through our new metal chair and stool collections. We offer solid steel chairs and stools and one style in lightweight aluminum—with wood seats and backs, upholstered seats and backs, composite seats, our exclusive Dur-A-Seat, and more.

# Neighborhood Collection

The strong, horizontal sight lines and traditional ladder back styling of the Neighborhood Collection fit installations ranging from Quick Serve to casual dining. It's a great choice if you're looking for a basic, affordable, high-quality seating alternative. Consult the Plymold Price List for complete specifications and our Color Selection Guide for colors, finishes and upholstery options.

# Uptown Collection

The right chair can make your decor package come alive. That's why you should check out our new Uptown collection. It features two styles of metal chairs and stools with sleek, soft, flowing lines that deliver comfort and sophistication. Available with padded (PS) or maple veneer (VS) seat. Maple veneer backs with choice of stain. The 6861 style also features a flared leg that allows you to nest up to four chairs.

6861VS, 6861PS  
16½" w • 16½" d • 32" h  
• Seat height 18"

6841VS, 6841PS  
16½" w • 16" d • 32" h  
• Seat height 18"

6843VS, 6843PS  
16½" w • 16" d • 44" h  
• Seat height 30½"

6863VS, 6863PS  
16½" w • 16½" d • 44" h  
• Seat height 30½"

# Vintage Collection

Our Vintage Collection harkens back to an earlier, simpler time. Plain, unadorned backs, seats and frames create chairs and stools that will remind customers of diners and family restaurants from times past. Consult the Plymold Price List for complete specifications and our Color Selection Guide for colors, finishes and upholstery options.

# Parlor Collection

Rounded, intricate backs. Simple overall design. Rounded metal tube construction. Chairs and stools feature small diameter tubing that perfectly replicates the look of the old Boardwalk ice cream parlors. Consult the Plymold Price List for complete specifications and our Color Selection Guide for colors, finishes and upholstery options.
